

Future of Work Zone

23-25 November 2021 – Business Design Centre, London
PETEX Exhibition Floor – Gallery Hall

The evolving job market in an energy transition spells a complex mix of transference of skills alongside the skills retention needed to re-energise an ever more challenging traditional hydrocarbon sector. Join us at the Future of Work Zone at PETEX 2021 for insights and advice.

1:1 Meeting

Book a 20-30 minute, 1:1 discussion with **Zoe Suren, Recruitment Director, EnergiLink**

For the job seeker – topics to be discussed:

- Overview of the current situation within the Oil & Gas markets
- Positioning yourself as an attractive candidate to the energy markets
- The future of recruitment within the Oil & Gas markets
- The future of recruitment within the Energy Transition markets
- CV review and advise

For the company representative – topics to be discussed:

- The future of attracting talent in a volatile market
- Overview of the current recruitment landscape within the Oil & Gas space
- Review of what challenges the industry faces in regrowth and how to plan for them
- Discussions around recruitment strategies when teams are already overstretched
- A comparison on how competitive your recruitment offering is

16.30-16.50	16.30-16.50	16.00-16.20

Meet our Industry Expert

Zoe Suren, Recruitment Director, EnergiLink

Zoe Suren has over 14 years' experience in the recruitment sector, having Specialised in working with Energy companies to find and retain top talent. Zoe has always had an interest in business development and networking, along with a passion to advance and develop careers.

Having managed recruitment projects in more than 25 different countries over 6 continents, working with countless professionals in the upstream oil & gas sector from mid level technical professionals to board level management.

The focus for her latest venture 'EnergiLink' is to build a search firm recognising skills across all sectors within energy will be valuable in the future of powering the planet.

A unique search firm, specializing in Oil & Gas through the Energy Transition

EnergiLink works with Energy companies, across the globe, looking to attract top talent at senior through to executive levels. Our background in oil & gas enables us to work closely with companies looking to recharge their teams, whilst also offering the Energy Transition sector access to professionals who have a skillset to add value and a passion for Energy and “making a difference” through the next decade.

The team at EnergiLink has directly experienced the staffing challenges and advancements of the energy industry through multiple commodity cycles. We believe that now, more than ever recruitment services must evolve and aggressively adapt to reflect the needs of a dynamic future and client’s needs. We provide a bespoke global service, prioritising technical ability, cultural match and sustainable fit of each placement.

EnergiLink is passionate in working with the energy industry to ensure all of our top quartile candidates deliver tangible and sustained success to our clients
